

ANNOUNCEMENT

19th International exhibition of automotive industry InterAuto

The 19th International exhibition of automotive industry [InterAuto](#), the most awaited event for the specialists of the automotive industry, will be held August 20 through 23, 2024 at Crocus Expo.

For more than 18 years the project has been not only assisting new companies in their business development, the leading companies in presenting their products and services in the Russian market, but also in studying market conditions, finding new customers, increasing market share, promoting corporate image and serving as a platform for business networking.

The exhibition is supported by the Association of Russian Automakers NP (OAR).

More than 500 leading manufacturers and suppliers from China and the Republic of Belarus, as well as 10 regions of Russia (Moscow, Moscow region, Kemerovo region, Bryansk region, Voronezh region, Yaroslavl region, Kaliningrad region, Novosibirsk region, Krasnodar Territory, St. Petersburg) will display their goods, services and the latest solutions from all areas of the automotive industry within the exposition comprising more than 18 000 square meters.

Visitors will have an opportunity to get acquainted with the prominent exposition full of new products. Among the thematic areas of the exhibition are car engines and their components, engineering and technologies for the automotive industry, raw materials and materials for the production of components, garage and diagnostic equipment, tools for car body repair, equipment and components for car washes, paints and varnishes, automotive chemistry, oils, alarm and anti-theft systems, tires, car accessories and much more.

Among InterAuto exhibitors:

- PRIMO COLOR** – paint and varnish products for car repair professionals;
- MegaKhimGroup** – car repair paint and varnish coatings;
- GOOD KING** – professional tool kits for car repair;
- SWD Rheinol** - automotive oils and lubricants;
- Loritone** – production of car enamels;
- TOSOL-NN** — car chemistry;
- EZID-AUTO** – car lighting.

A significant part of the exhibition will be occupied by companies from China: Henan Hesu Group, SMILEV, TIMSUN, Chongqing Keima Mechanical and Electrical, Phika Auto and others will showcase various technologies at their stands.

In just 4 days, specialists will be able not only to study a wide range of automotive products and get acquainted with the latest developments, but also to find new partners and customers, establish sales channels for products and conclude profitable long-term contracts.

See you August 20 through 23, 2024 at Crocus Expo!
